0853 WB 1k Acry Matt

Description: TARALAC WATER BASE PUD is a polyacrylic dispersion. It is eco friendly finishing for wood and wooden materials. It is also approved by KCMA (Kitchen Cabinet Manufacturers Association) & F.D.A.

Key Areas of water base Acrylic Coating

1K WB Acrylic finish forms a very hard, Flexible & Inert coating, & therefore it highly recommended for Kitchen Cabinet. This is also recommended for areas which are subject to high abrasion & so it can be used for parquet coating. Being inert, eco friendly & Odourless it can be used in toys for children's & for hotel furniture. Other than that it can be used for all general purpose furniture where solvent based products can be applied.

Products Available

1. 2K Water Base Sealer
2. 2K Water Base Glossy
3. 2K Water Base Matt
